

## We're Hiring!

Stonecrop Farm is searching for a part-time team member to join us for the 2025 growing season. We need someone to join our creative, hard-working team to grow, harvest, and arrange flowers and a few vegetables. The season begins in April and runs through November. If you have horticulture or agriculture experience or if you have artistic skills and are ready to get dirty, let's talk.

### The Daily Workload Includes a Diverse Array of Possibilities Including:

- Seeding and transplanting crops
- Tending both flowers and vegetables
- Harvesting and processing flowers for bouquets and special order arrangements
- Working at the bustling Blacksburg Farmers Market stand
- Assisting in the creation, packing, and installation of wedding and event flowers

### We're looking for folks with:

- Fantastic observation and attention to detail
- Open minds ready to learn and handle feedback
- Enthusiastic customer service skills
- Stamina to do physical work in all weather conditions
- Ability to work independently and be a quality member of our amazing team
- Efficient and quick work habits

### We'll provide:

- Great training and support
- Plenty of vegetables and flowers
- Opportunities for increasing levels of responsibility and education
- Flexible schedule

### Interested?
